

MAN'S BEST FRIEND

WE ALL NEED a friend beside us,
As we live this life of ours,
To help us with our burden,
Or merely pass away the hours.

A friend can bring such happiness,
Much pain and sorrow too,
But someone to love or treasure,
Is a friend who's always true.

When all around have left you,
There's a love that will never fail,
And you'll know it in an instant –
By the 'wagging' of his tail!
