

## JUST SMILE

SMILE and the world smiles with you,  
Or so it's often said,  
Sharing your joy with others,  
Will uplift many a forlorn head.

Smile at those around you,  
As you carry on your way,  
Extend a hand of friendship,  
It'll make somebody's day!

Smile with the one closest to you,  
Never utter an angry word,  
Be caring and understanding,  
Let only the truth be heard.

Smile when you're feeling lonely,  
And there's nowhere else to go  
Try not to be downhearted,  
Because you're never alone, you know!
