AIR MINISTRY,  
WHITEHALL GARDENS,  
LONDON, S.W.1.

12th December, 1956

Dear Air Commodore,

Last, week, I had in mind that the Secretary of State might, be coming, to Halton by train. Now that we have received our Vanguard car we shall use it for the journey.

On such occasions the Secretary of State is normally accompanied by Mr. E. Broadbent ( a Principal who is his Private Secretary and myself.

I think that the Secretary of State should aim to leave Halton about 1415 hours, if this is not running too short the time which you have allowed for luncheon.

If there are any small points I should be grateful if one of your staff could phone me on Whitehall Gardens Ext, 6065 .

Yours sincerely  
Donald M Clause
