

## **Browser Information**

The recommended screen resolution for this website is 1024 x 768 pixels. 800 x 600 pixels will be fine but will require more scrolling in the vertical and horizontal directions.

This website is largely information text based and has no unnecessary flashing graphics or pop-ups. If you receive advertising pop-ups or any other unsolicited material while connected to this website, it will certainly not be coming from the club website.

## **Direct addresses for Downloads and Rallies website pages**

Direct access to the downloads page can be achieved by entering this website address:

[www.gobuownersclub.org.uk/downloads](http://www.gobuownersclub.org.uk/downloads)

and direct access to the rallies home page can be achieved by entering this website address:

[www.gobuownersclub.org.uk/rallies](http://www.gobuownersclub.org.uk/rallies)

## **Text too small or too large?**

To change the size of the text, do this: whilst holding down the 'Ctrl' key, tap the '+' key until the text is large enough. To reduce the text size again hold down the 'Ctrl' key whilst tapping the '-' key. This works for both Internet Explorer and Mozilla Firefox browsers.

When viewing a document using Adobe Reader (such as this document) there are controls to change the size of the text.
