

1<sup>st</sup> July 2021

Steve Jones had a heart attack last Thursday evening at the Baston rally.

He was taken to Peterborough Hospital by ambulance and moved to Papworth on Friday morning, he has since had a triple bypass. Amazingly he phoned us up from his hospital bed this afternoon Thursday 1st July as he made his way through the contacts list on his mobile.

He sounded his usual cheery self even though he admitted that he was in a lot of pain as things were healing. They are hoping to have him walking around in the ward tomorrow as they don't seem to waste any time in hospitals nowadays.

Steve sends his apologies to all members who were at the Baston rally and sincerely hopes he didn't spoil the event for them.

The Solway view rally it still going ahead and will now be run by Ron and Ros Bond.

Steve said that he looks forward to seeing everyone at Fakenham in 2022.
